Summary

Motivated Software Engineer with foundational experience in web development, machine learning, and scalable software solutions. Proficient in building responsive web applications, and collaborating in team environments. Passionate about developing user-centric applications and solving complex technical challenges.

Education

Galgotias University	**2022 - 2024**
Master of Computer Applications	*7.89/10 CGPA*
Phonics Group of Institution	**2018 - 2021**
Bachelor of Computer Applications	*7.1/10 CGPA*

Experience

ConsultIT, Ghaziabad- NCR, Uttar Pradesh May-2024 – Present.	**Oct 2024 - Present**
Software Developer	*Bangalore, Karnataka*

- Built and maintained responsive UI components using React.js, JavaScript, HTML/CSS.
- Integrated REST APIs using fetch/axios and managed app state with hooks.
- Collaborated in Agile teams using Git for version control and JIRA for task tracking.
- Performed unit testing and debugging across browsers to ensure consistent UX.
- Exposure to software development lifecycle, code deployment, and testing.

Projects

Croire – Admin Dashboard (Web Application) | **Live**
- Built a fully responsive admin dashboard with charts and tables using MUI components.
- Implemented a login authentication system that validates users and redirects them to the dashboard upon successful login.
- Included a sidebar navigation for easy movement between dashboard sections.
- Built using JavaScript, React, and MUI components; followed clean UI/UX design principles.

StudySync **Live** | GitHub
- Designed a personalized learning platform using MERN stack.
- Implemented analytics features and real-time user support.
- Collaborated on frontend design and backend data modeling.

Weather App **Live** | GitHub
- Developed a weather forecasting app using OpenWeatherMap API.
- Used HTML, CSS, JavaScript with sessionStorage for data persistence.

Technical Skills

Languages: JavaScript, Python, Java

Frameworks & Libraries: HTML5, CSS3, Vue.js, React.js, Tailwind CSS, Material UI

Developer Tools & Platforms: GitHub, Postman, Vercel, VSCode, CI/CD, Docker

Soft Skills: Problem Solving, Technical Communication, Analytical Thinking

Certification

- Android App Development - CodSoft Dec-2023
- **Software Testing -** Ducat, Noida — *2022*
  Course covered:
    - Manual Testing
    - Automation Basics
    - Test Case Writing, Bug Tracking
